PROFESSIONAL SUMMARY

Frontend-focused Software Engineer with **6+ years of experience** building scalable, production-grade web applications using **React.js, TypeScript and Next.js**. Currently SDE-II at Codebucket Solutions, delivering UI for a **200+ module ERP system** and a state government transport platform serving **20K+ users**. Strong in reusable component architecture, REST API integration and AI-assisted development, with hands-on experience mentoring developers, reviewing code and coordinating with cross-functional teams.

WORK EXPERIENCE

Codebucket Solutions (P) Ltd | Software Development Engineer II

May 2022 – Present

- Developed **React.js/TypeScript** UI for a **200+ module ERP system**, covering financial forms, GST and sales entries, account selection, branch-level access rights, customer mappings and document-based processes.
- Built a **reusable component library** (dynamic data tables, autocomplete, currency inputs, controlled form fields, modals, validations, edit/view screens) used across modules, reducing duplicate code and keeping the UI consistent.
- Developed core frontend modules of the **BSRTC (Bihar State Road Transport Corporation)** web platform used by **20K+ users**, including **role-based access control (RBAC)**, driver & conductor management, grievance redressal and workshop maintenance management.
- Integrated **REST APIs** with robust loading, error and validation handling; diagnosed and resolved production issues to improve application stability.
- Mentored junior developers**, conducted **code reviews**, and coordinated sprint planning and task estimation with backend, QA and product teams in an **Agile/Scrum** environment.

Zplay Solution Pvt Ltd | Associate Developer

2020 – Apr 2022

- Developed responsive web interfaces with **React.js and JavaScript** for client products, including **99Gift**, a digital gifting platform.
- Converted UI designs into reusable components, integrated **REST APIs** and improved **cross-browser and mobile responsiveness**.

Web Developer (Part-time, Project-based)

2018 – 2020

- Delivered websites and web applications for small business clients, handling requirement gathering, UI development, client communication and deployment.

SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), Redux Toolkit, React Query, HTML5, CSS3, Tailwind CSS

UI Engineering: Reusable Component Architecture, Responsive Design, Form Handling & Validation, RBAC

Backend & APIs: Node.js, Express.js, REST APIs, SQL, NoSQL

Tools & AI: Git, Webpack, Postman, Docker, SonarQube, Generative AI / AI-assisted Coding Tools

Leadership & Management: Team Mentoring, Code Reviews, Sprint Planning, Task Delegation, Agile/Scrum

PROJECTS

Shri Pandokhar Sarkar Dham – Website & Ashram ERP | React.js, Node.js, REST APIs

- Built the **public website and a custom ERP system** for a religious ashram, digitizing day-to-day operations such as devotee records, donations and receipts, events and administration.
- Developed an **admin dashboard** with role-based access, reports and data management, integrated with **REST APIs**, replacing manual record-keeping.

Marry Me – Digital Wedding Invitation Platform | React.js, Next.js, Tailwind CSS

- Built a web platform for creating **interactive, animated wedding invitation websites** with customizable themed templates, background music, photo galleries and event countdowns.
- Implemented **online RSVP collection**, venue map navigation and shareable invite links for WhatsApp, with a fully **responsive, mobile-friendly UI**.

Used Car Buy & Sell Platform | React.js, JavaScript, REST APIs

- Built a **web marketplace** where users can list, browse and buy pre-owned cars, with search, filters, photo-based listings, buyer inquiries and user profiles.

ACHIEVEMENTS

- Recognized by Codebucket Solutions at Vibe-a-thon**, an internal AI-driven coding hackathon, for completing development tasks efficiently using **Generative AI tools**.

EDUCATION

Bachelor of Computer Applications (BCA) – Indira Gandhi National Open University (IGNOU) | CGPA: 7.6

2014 – 2017
